entrance of the instance. The only one visible on
the map is the Prospector's Legacy. Characters
that search the mines on foot will become
immobile and not able to use their abilities. On
occasion, you may spot a companion ore vein,
which can be mined using your items. You need
the following items to mine the treasure in the
Prospector's Legacy. The Prospector's Legacy
can only be mined by a Prospector if you enable
"Collect Prospector Items" in your loot window,
and repair the mine afterward. You need a
Prospector to mine the mine, and the Prospector
must have a Loot tab. You must have the
Prospector buff, which makes your actions last
and procs more often. You can hover over the
mine to see what level it is, and if you're an

Artifact Knowledge 70+ you can see if it's an Artifact. When you have enough Harvest Resource nodes, you can mine the ore vein to create a prospector mine. You can reload the mine, and it will automatically be replaced by a proper one that gives more Production. After this, you may reclaim your Prospector buff to search the mine again, and your production rate will be capped to your current level. You can do
